Reviews

- Ball-bearing drive
- Dual ceramic pickup pins for instant line recovery (on 33 and 33T models)
- Auto Bait Alert clicker (on 33 and 33T models)

This new design includes many features found on top-quality baitcasting reels. The modern ergonomic design matches up with a soft-touch handle and ergonomic thumb button for comfortable all-day casts.

Electro-tuned crown gears and a tuned gear train prevent the reel from locking up. Ball-bearing drive. Dual ceramic pickup pins for instant line recovery.

Borrowing on all the great features of the redesigned **Zebco 33**, the 33T triggerspin is an ideal companion to any spinning rod. Dual ceramic pickup pins offer instant line recovery. Converts to right- or left-hand retrieve.

The **Zebco 11 Micro** has many of the features of the 33 in a dependable ultralight reel. This scaled-down reel is great for pitching lightweight crappie jigs and spinners.

The **Zebco 11T Micro** has the same features of the **11 Micro** in an underspin model. Smooth, flawless performance in an ultralight underspin package. Great for finesse work or panfishing.

The **Authentic 733™** is a larger version of the famed 33®.
